

# Annual report

The Printworks, the year in short

---

A year of 128 events, eleven exhibitions and more than four hundred workshop places. The café paid for itself for the first time, and the press hall roof is watertight again.

## In numbers

- 41,000 visitors, a third of them for the first time
- 900 members, up from 610
- 412 workshop places, 96 of them free for young people
- €14,200 raised for the roof by members and neighbours

## Next year

The second floor opens as studios for six artists, and the last of the old presses goes back into use for the open print days.
