

Linocut: what to bring

Workshop materials list

We provide the presses, the inks and the rollers. Bring the rest, or buy a starter kit at the café counter.

Bring

- An apron or clothes that may get ink on them
- A sketch or a photograph to work from, no larger than A5
- A pencil and a soft eraser

We provide

- Lino blocks, A6 and A5
- Cutting tools in three sizes
- Water-based ink in black and two colours
- Rollers, bench hooks and paper

Good to know

Cutting tools are sharp: always cut away from the hand that holds the block. The workshop is for ages 14 and up; younger people are welcome with an adult.
